Salinas, California, Friday, March 24, 1950

Number 21

Sadie Hawkin's Day Set Gals Galloping

As We See It

By PHIL TRINE

We'd like to offer our thanks for a job well done to the Panther Sentinel's former editor, Miss Pat Pollock. Pat worked diligently and long in an effort to give the students the best possible coverage and up-to-date information on activities on the Hartnell campus.

Despite a lack of manpower Miss Pollock molded the current staff into a well-working and efficient unit. Pat, besides handling the arduous duties of editor of the school paper, was freshman representative on the commission, a member of the student union committee, and society reporter on the college's weekly radio broadcast over KDON. And above all Pat was a constant booster and took an active part in any function that would benefit Hartnell.

The staff will miss her, and I'm sure the student body will find it a hard task to replace such a conscientious worker.

While we may be jumping the gun a little, I think it's about the time of year when students should begin thinking of the election of student body officers. Too many students appear lax in selecting and voting for commissioners. Perhaps we're laboring under a false impression but in our humble estimation it seems election of student officials should be done with great concern and care.

Maybe it's the time-worn adage, "It's your democratic duty to vote" that scares the voters. Every time we turn around someone wants us to vote for or against something. But I think it's up to the students to separate the important elections from the more inconsequential ones. Definitely, the general election of Hartnell College student commissioners every spring is in the "must" category.

Not only do these commissions dole out the funds that keep Hartnell activities alive, but they are the leaders to whom we look for guidance and inspiration in promoting all affairs on Salinas campus. At least that is what they should be. It's up to us—you and me—to see to it that we pick the best-suited individuals for ALL the student government posts.

Don LoPresti who plays the male lead, Oliver, in the Hartnell College production of "Enchanted Cottage" which will be presented on Thursday, Friday, and Saturday of next week.

Play Production On Tap Next Week For Three Day Run

Next Thursday marks the opening of "The Enchanted Cottage." The production under the direction of Mr. Harold Ulrici will run three nights and promises to be the best production of the year.

The play is serious in purpose, but there is plenty of comic relief. The story concerns the life of a disfigured war veteran who tries to find a new life away from his prewar social whirl in London. His plan to find a new life is hampered by his domineering mother and subdued father-in-law.

However, through the efforts of Laura Pennington and the blind Major Hillgrove, Oliver is able to find contentment. Shortly after Oliver and Laura are married a strange transformation takes place.

It is with this "imagined" transformation that the play is mainly concerned. The technical features should be outstanding. They will include various lighting effects, a storm, and a very interesting witch scene.

The continuity of the play is probably further advanced at this stage of rehearsals than any play so far this year, and the timing and characterization are nearing final night heights.

Marguerite Sander will portray the feminine lead, Laura, a plain uncomely village girl. The masculine lead, Oliver, will be carried by

(Continued On Page 3)

Commission Backs Liquor Crackdown

Members of the student body commission unanimously agreed to back the move by the college administration concerning the possession of liquor on the campus and at school functions. Pres. John B. Lemos has announced that any students who violate the state law concerning the possession of alcoholic beverages will face immediate expulsion from this school.

The administrative action was timed to coincide with Sadie Hawkins' Day. It was said that last year some students were observed bringing liquor onto the campus during the festivities. The new state law strictly forbids possession of liquor.

Following the regular meeting on Tuesday, Carl Bartlebaugh was appointed freshman class representative, replacing Pat Pollock, who dropped recently because of illness. His appointment was previously held up pending the settlement of a technicality concerning the mechanics of the move.

Wayne Ingols reported that the constitution committee has made definite progress in its plan to revise the constitution. He also backed the move that cancelled the commission's dance which had been scheduled for next month.

Bruce McCallum reported on the matter of the handling of concessions at the games and athletic contests. He said that Mr. Lemos announced last year that the concessions would be available to any club that wanted them. Though they are under control of the student store, he said that any club that wanted the concessions should apply through him next year.

Easter Holidays Around Corner

Because of a limited budget, no Panther Sentinel will be printed next week. The next edition of The Sentinel will be available on April 14.

Easter holidays follow next week's layoff with students afforded a full nine days' rest before returning to Hartnell to pursue their academic ways on April 10.

SHOW READY

"Rue Blas" has been announced as this week's selection for the radio drama class' presentation. Their show is a weekly one, coming at 7 p.m. Sunday evening. It is only recently that the weekly show has been changed from station KSBW to KDON.

Barbara Johnson, U.G.C. President, who is in charge of today's Sadie Hawkins' Day activities, urges all students to participate.

Union Groups Mixed-Up By Students

The student union committee and the Alpha Gamma Sigma student union committee have been confused in the past.

According to Dr. Luella Hall, head of the student union committee and advisor to Alpha Gamma Sigma, the student union committee is comprised of six members: two faculty members, Doctor Hall and Mr. Henry Cassidy; two alumni members, Mr. Richard Carlisle and Mr. Joaquin Market; and two students, Evelyn Temmermand and George Miljanich.

This committee has been functioning for three years. The purpose of the committee is to accumulate information on other student unions and to suggest needed facilities for Hartnell. It was this committee which selected the proposed student union site.

The Alpha Gamma Sigma committee
(Continued On Page 2)

Program Set For Next Week

Next Friday the talent assembly will be presented in the men's gym at 1 o'clock, according to Dewey Chambers, committee chairman.

The tentative program is to be as follows: Jessie Thomas singing the blues, Mary Ann Soldo playing several piano selections, and Mr. Stuart Dufour will speak on the journalism department.

Men Seek Aid Fem's Go Wild As Day Here

According to latest communiqués from Dogpatch, HE'LL be here tonight. Yes, Li'l Abner will be over at the men's gym to entertain all the gloating shes and subdued hes. Along with the boy himself will be "home grown" talent from Whiskey Hill, Crow's Nest, and Cabbage Patches.

The poor captured males will have one consolation: it will cost the fast-running females \$1.20 per couple to drag them to the big dance in the gym. Any lucky stag will be admitted for 75 cents. Knocking out the heel-stomping rhythms will be the aggregation of Herb Miller, who's going country style for this one.

Through the use of feminine wiles, the local gals have succeeded in persuading the college administration to give them just one hour, from 11 to 12 today, to grab a man. Classes will be dismissed at 11, but if the men can hold out long enough, they will be able to attend their noon classes. Those who do not hold out or have no noon classes will be dragged (bodily) to the noon dance in the gym.

In order to get all in the right mood, the conniving women will present a re-enactment of how this one-sided mess all got started. 'Bout the time the males get all relaxed in the gym, the fast-running gals will adjourn the assembly and start trapping the poor helpless critters (no holds barred, catch-as-catch-can style).

Just to make the men remember what day it is, all are supposed to be in costume today and at the stomp tonight. Prizes are to be awarded for the best costumes at the dance tonight, but by that time all the real prizes, namely the men, will all have been confiscated.

Doing the headwork for this campaign has been Barbara Johnson, U.G.C. president. She has been assisted by the following committee heads: Gloria Scroggs, publicity; Liz Anderson, refreshments; Betty Lee, decorations; Dee Fosselman, dance; Barbara Johnson, cleanup; Beverly Silva, day program; Bonnie Hearn, entertainment; and Helen Wolber, policing.

A last warning to the women: today is the day you have to open doors; the day you must treat the men; and the day you came to Hartnell for.

'God of the Atom' Film Monday Noon

Westminster Club will feature a film, "God of the Atom," March 27 in the Little Theater, according to Alan Olson, club president. The film will be shown at 12:05.

This film, according to Olson, is produced by the Moody Institute of Science, and will be shown by Mr. David Sharp, field director of the Moody Bible Institute.

The film brings out the problems of atomic energy in our world today. Just one man saw all three wartime atomic explosions. Larry Johnston, who was a physics major in college, was assigned to work on this project and through his research and work on the bomb, the movie is made possible.

CAMPUSOLOGY

By GEORGE JACKSON

All the efforts of a few Hartnell students from Gonzales and Soledad ended in failure last week at the Gonzales 20-30 Club Basketball Tournament. By fair (and some foul) means, they begged, borrowed and stole votes for Hartnell's Ed Macha as the tournament's most popular player.

Through the efforts of the whole town of Soledad, the group was defeated in their noble effort, and big Jerry Hoagland, a Hartnell alumnus himself, got the award. All in all, the group poured some \$30 into the race, and as a result they will eat the rest of the programs for two weeks. (The ward was a shaving kit, by the way.)

Ace reporter Glen Albaugh has gone all out for plastic-rimmed glasses. In order to prove his strong belief, he emphatically pitched the forementioned specs on the floor saying, "Buy these plastic-rimmed glasses — they won't break." They did!

Don't know whether it was St. Pat's Day or the many S.U.H.S. seniors contemplating English A next fall, but Mr. John Murrin certainly was in a jolly mood last Friday. My spies reported he was seen doing the Charleston down the hall; playing ragtime on the piano at the dance; and generally feeling his oats.

Speaking of the dance, that was a real quick-thinking move by Miss June Handley when she procured the phonograph for dancers who wished to continue when the band left.

This place seems to be quite the place for strange vehicles of transportation lately. For instance, Pat O'Bannon was observed around the campus on roller skates. Then Jim Kubic lost his little Crosley in the main hall and was forced to leave when he did find it.

Now comes the capper. Not long ago one Frank Armbruster was seen nonchalantly pedaling his unicycle around. With the trend the way it is around here, it will be no surprise to see someone come wheeling up in a ricksha, or come bouncing up on a pogo stick.

John Barrymore, Jr., was at the Vogue Theater last Friday, and probably the most interested member of the audience was Hartnell's Richard Cimino. When John finished rendering Hamlet's third soliloquy, Mr. Cimino was heard to utter, "If I had his name, I'd be up there instead of him."

Patterson Wins Photo Contest

Hartnell student Lew Patterson recently won first place in a Salinas Y.M.C.A. camera club project with a print he titled "Enchanted Tree." Entered in the competition were 33 other prints by local photographers.

Lew's print was a picture of a cypress tree at Point Lobos on the Monterey Peninsula. Last semester Lew was staff photographer for both La Reata and Panther Sentinel.

College Catalog Rolls Off Presses

The new Hartnell College catalog is just off the presses and will be available to all students late next week. Students who wish one will have to sign for them as they are valued at more than 40 cents each.

The new book is illustrated with pictures taken by Mr. W. J. McCallum, his class of photography students, and the Salinas Californian. Included in the bulletin is the announcement of courses and all information pertaining to the Hartnell College and the Hartnell School of Agriculture and Mechanics.

UNION GROUPS . . .

(Continued From Page 1)
mittee's main purpose is to create interest in a student union at Hartnell. At the present time the committee, headed by Mary Ann Silliman, is planning a publicity campaign to bring the need for a student union to the attention of the students.

Fried Artichokes On Menu For May 5 Carnival

Plans for the coming carnival were discussed at the Interclub Council meeting held Wednesday. The group discussed the problem of apportionment of booth space, and first come first served. Clubs will be able to use the same idea they had last year if they want the same scheme. Club will have to submit their ideas before April 28, or some other group will have a chance to use the same idea.

Booths will have to be set up early this year; so everything will not pile up at the last minute.

The sophomore class has already decided upon their coke concession which was a huge success last year. The Newman Club will sell french-fried artichokes as they did last year.

Folk dancing will also be enjoyed that day.

Students Take Cash For Class

By DOUGLAS BIRD

Many students who are enrolled in the office practice class at Hartnell College are being given an opportunity to go to college and get paid at the same time. These students are employed half a day while going to school half a day.

The class, under the supervision of Mrs. Anne Harper, is training the students in typing, shorthand, and office procedures. The students are finding the course highly beneficial in making a little extra money as well as preparing them for future work.

Out of her classes, 23 students have been selected to work at various business establishments, all of them in Salinas. The students receive six units of credit for the half day of work and also are graded.

The program started over a year ago, and has been expanding steadily ever since. Mrs. Harper is trying to get more employers interested in the course by means of articles in the local papers. Mrs. Harper communicates with present employers every six weeks so as to check on the work of the students.

Among the students working in local offices are: Mary Slattery, Park Lane Hospital; Virgil Waller, Clark Bros. Transportation Co.; Anna Elkington, Sisti Segretti law office; Naida Fisher, Patsy Jones, with James Walker, attorney.

Barbara Stebbens is with the law office of Burritt and Young; Betty McCoy, in the office of the superintendent of the Alisal schools; Helen Valdez is in the assistant manager's office of Sears, Roebuck and Co.; June Hiura is working in the comptroller's office at Hartnell College; Marian Hayes is in the office of Santa Lucia School.

Stella Jagich and Shirley Howard are in the office of El Sausal Junior High School; Pat Nagle and Mary Lou Gomez are in the office of Roosevelt School; Anne Shiratsuki and Lois Ogden are working at Lincoln School; and Patsy Lissue is in the office of Sherwood School.

June Sander is in the Hartnell A. and M. office; Vivian Amaya and Lorraine Dillingham are in the Board of Education office of the Salinas schools; Norma Jansen is working in the Rianda real estate and brokerage office; and Florence Serpa is in the office of the purchasing department of the Monterey County Court House.

The program has had to sell itself to the community through the diligent work of Mrs. Harper, and is now proving itself quite successful. Many of the students are being moved into full time jobs after they graduate, and are proving the efficacy of hiring college trained stenographers.

To Attend Meeting

Mr. Claud Addison, head of the occupational division, has been chosen to attend the state convention of the California Business Education Association at San Jose on April 3 and 4.

Society :- Clubs :- Features

Farmers Display In Fair April 28

At their regular meeting held last Wednesday, the California Young Farmers discussed plans for their chapter booth which will be displayed at the Salinas Valley Fair to be held April 28, 29, 30.

A theme was selected, and they are now in the process of constructing the panels. The background of the booth will be hand painted. It will also contain real produce and also some educational material.

The club is now in the process of conducting a membership drive. Members are trying to increase their enrollment to equal that of chapters the same size. Any young man between the ages of 18 and 30 and interested in farming is eligible to join. He need not be attending school.

Husbandry Class Takes Over Task

The junior college animal husbandry class has undertaken as its class project the construction and installation of livestock weighing scales, which will be used for all types of livestock.

This project includes the making of a cement pit, installing and building a shed to house the scales, and a holding pen to keep the livestock before weighing.

Students working on this project are Billy Jackson, Sergio Orozco, Claude Powell, Charles Reed, Silyio Bettiga, Charles Shaw, Rod Faurot, and Bernard Dalere.

Trip to Yosemite Last of Season

The Ski Club will leave early Saturday morning for Yosemite Valley. This will be the last trip of the season.

Two cabins will be secured for cooking. The food for the week end is being prepared by the cafeteria staff.

Thirty reservations have been made. Ten had been taken by last Tuesday. The price has been set at \$7, and tickets are on sale in front of the main office.

PLAY . . .

(Continued From Page 1)

Don LoPresti.

The supporting cast will consist of: the witch-like housekeeper, Helen Wolber; the friendly blind major, Richard Cimino; Oliver's socialite mother, Gloria Scroggs; his father-in-law, Geordie Corbett; the village vicar, Richard Rohrbacher; the vicar's giggling wife, Phyllis Williams.

Other members of the cast scheduled to appear in the dream scene will be: Virginia Vierra, Carla Adams, Robin Lowry, Margerie Mathers, Ralph Rowland, and Grant Markham.

Capp Creations Awarded Prizes

Prizes for the best Sadie Hawkins' Day creations will be awarded at tonight's Dogpatch Dance in the men's gym. The most appropriately dressed Li'l Abner, Sadie Hawkins, Hairless Joe, Moonbeam McSwine, Wolf Gal, Mama and Papa Yokum will be given awards.

Honor Society In Fund Raising For WSSF Drive

In the recent March of Dimes drive, Hartnell College was the lowest donor in this district, giving less than \$10 which is less than a nickel per person.

Now, the Alpha Gamma Sigma society is sponsoring the World Student Service Fund under the leadership of Helen Wolber. Students in foreign countries still need help, she reports. In their desire for learning they must suffer severe hardships to be able to study, for there are few books, few schools, and fewer instructors.

"Let us really try our utmost to help this drive that is so worthy, so that others might have a chance. Let's not take education for granted," Miss Wolber said.

Hartnell Grad Plans Wedding

The engagement of Diane Joy Gilliland to former Hartnell student, Robert Walker, of Aptos, was announced recently.

The bride-elect graduated from Santa Cruz high school and Smith's School of Business. Walker, who graduated from Hartnell this January, and also graduated from Santa Cruz high school, is now employed in Watsonville.

An early summer wedding has been planned.

Prompter Absent On Day of Play

By GLORIA SCROGGS

A prompter is expected to prompt, and in most cases she does.

However, Hartnell's drama department has defied tradition. The prompter's job for Mr. Harold Ulrici, director, lasts only three weeks, part time. The first week there is no prompting. The second week the prompter prompts for the first act; the third week, the first and second act; the fourth week, she prompts for all three acts.

After the fourth week her job as prompter is finished. Having a prompter on performance nights is, according to Mr. Ulrici, "unethical."

Even though prompting is over, the prompter still has work. She may become a member of the properties staff, or even head of the staff. The prompter has also served on the costume and makeup committees and she has helped usher on final nights.

The prompter for "The Enchanted Cottage," Carla Adams, is not only doing her job of prompting, plus serving on the properties staff, but she is portraying a minor role in the play.

Skating Party On Monday Night

Tickets are now on sale for the Flying Club's skating party to be held Monday night at the Big Barn on Williams Road in Alisal. Skating will begin at 7:30 and wind up at about 10:30, so students will be able to be home at an early time. Tickets are 40 cents per person.

Plans call for the awarding of two door prizes and there are some novelty races scheduled. The party will not be open to the general public, but any student may take guests if he wishes. A party will be held in April if this one is a success.

The Flying Club is holding this event to make it a part of the regular social activities of the college.

Dr. Moon, producer and narrator of "God of the Atom," the film which will be shown at Westminster meeting on Monday.

Pajama Plans Uncovered Now

Plans are now being formulated for the April 14 Pajamarino, according to Bunky Millsap, chairman of the affair. The dance, which is annually put on by the freshmen, will be in the men's gym.

Committees for the dance are Ken Yoder, entertainment; Larry Dimmick, cleanup; Don Schrupp, decorations; Robin Lowry, publicity.

There will be a meeting of all chairmen and those interested in helping with the dance next week.

Barbara Ching Is Engaged

The engagement of Barbara Ching to Johnny Ottone, both former Hartnell students, was announced last week end. Ottone attended Hartnell in 1947-48, and Barbara graduated last January.

An early fall wedding is planned.

Millsap urges the freshmen to attend.

Panthers Drop Tourney To Roofers 63-61

Panther basketballers ended their season officially last week end competing in the Gonzales 20-30 invitational tournament, where they advanced to the semifinals and were defeated by the Monterey Frost Roofers, 63 to 61, on Friday night.

The Soledad Masicos then dumped the Panthers in the play off for third place, 60 to 55, mainly on the 29 points thrown in by big Jerry Hoagland who a few years back was the mainstay of the Panther five.

In the first round the Harts ran away from the Salinas 20-30 Club in the fourth quarter after being down 22 to 18 and defeated them, 47 to 36. Ed Macha, who ran a close second to Hoagland in the vote for the most popular player award, racked up 17 points against the Salinas outfit. Jim Mastin of high school fame hit for 13 to lead the clubbers.

Frost Roofers led the Panthers after four minutes of play had elapsed until the final two minutes where the Harts grabbed a one-point lead on the strength of Don Keeney's two fast baskets. Bart DeMaggio then dropped in the winning basket, hitting the mesh in the final seconds of play.

Showing midseason form, Don Keeney led the Panthers in the scoring column with 18 points.

Hartnell Golfers At San Mateo

Panther golfers will take to the links today, vying with the San Mateo Bulldogs on the Crystal Springs Country Club course. Being defeated by the Monterey Lobos in the first match of the season, the Hartnell tee men will be out to rack up the number one victory of the 1950 campaign.

Coach Elliott Wilson announced that Bob Moore, the Panthers' top golfer who now is competing in the semifinals of the Salinas Golf and Country Club's handicap tournament, will be placed in first position. Improving his game to a

Noon League Ends; Vultures, Hawaii Mainliners Playoff

Each of the eight teams in the intramural basketball league has completed its season, some successfully and some not so successfully. Those who did complete their season successfully were the Vultures, the Mainliners, and the Hawaiian team, who went into a playoff.

The Vultures, who beat both the Hawaiians and Mainliners during the season, dropped the first play-off game to the Hawaiians, 14-10. Playing a slow and cautious game neither team took many shots, but both had practically air-tight defenses.

The record as it stands is:

Team	W	L	T
Hawaii	5	1	1
Mainliners	5	1	1
Vultures	5	2	0
Bow Wows	4	3	0
Goldbricks	3	4	0
Mighty Mites	3	4	0
Sand Dabs	2	5	0
Farmers	0	7	0

Harts Bow To Menlo Nine, 11-6

Tuesday afternoon, the Hartnell baseball nine bowed down to defeat before the Menlo Junior College aggregation when they were outpitched 11-6. The third inning seemed to be jinxed for the Panthers as the Oaks of Menlo walked and hit for six runs in that inning.

The Panthers were leading 4-0 when the third frame rolled around. With two down, Chuck Jackson tossed 15 consecutive balls, followed by a two-bagger which sent three runs across the plate. Al Navaroli stepped in at that point and quelled the rally too late. Navaroli's control was good as he struck out five and passed two in five and one-third innings.

great extent since his defeat at the hands of the Montereyans, John Waterman will take over second position.

Dick Fry of Santa Cruz will hold down third position followed by long hitting Glen Albaugh in fourth. Ken Koenig, the only Panther to gain a win in the Lobo match, will play in fifth position.

Tracksters in Interclass | Meet; Prepare for Menlo, San Luis Obispo Meet

First trials of the year were run last Friday afternoon on the Hartnell College oval. The trials were held preparatory to the three-way meet today between Menlo, San Luis Obispo, and Hartnell.

Only three men were entered in behalf of the sophomores.

They were Loren Green, who took the broad jump and the javelin; Ted Dennis who took the pole vault and placed in the javelin; and Harry Koue who placed in the hurdles.

The results are as follows:

100-yard dash: Karp, Smith, Tannahill; 10.4.

220-yard dash: Karp, Moore, Juster; 23.1.

440-yard run: Rogers, Juster; 55.1.

880-yard run: Chase, Hurd; 2:09.3.

120-yard high hurdles: Temple, Koue; 18.

220-yard low hurdles: Smith, Koue, Foster; 29.5.

440-yard relay: Karp, Temple, Moore, first; Rodgers, Juster, Smith; 47.7.

Shotput: Dobbel, Leffingwell, Green; 42 feet 5 inches.

Broad jump: Green, 20 feet 1 inch; Paz, 19 feet 2 inches.

High jump: Tannahill, 5 feet 10 inches; Dobbel, 5 feet 4 inches; Dennis, 5 feet 2 inches.

Pole vault: Dennis, 11 feet; Tannahill, 10 feet 6 inches; Green, 10 feet.

Discus: Dobbel, 117 feet 10 inches; Weber, 109 feet 11 inches; Roebuck 97 feet.

Javelin: Green 151 feet 6 inches; Weber, 150 feet; Dennis, 137 feet 11 inches.

Swim Team Gets Into Shape; Hold Time Practices

Practicing daily for the past several days the swimming team is slowly but surely rounding into condition. During the last week several members of the team have been timing themselves on their various strokes.

Last Saturday during the morning practice the team practiced on their medley relay. Mr. Dick Cox found two combinations that presented fair time.

A great deal of faith is placed upon Merwyn Ferreira and Bob Jones in the freestyle sprint, while Don Mignola and Al Janes are coming along nicely in the breast-stroke and backstroke, respectively.

Hartnell's hopes lie in Howard Menees in the diving division. Last summer in the Pacific Grove meet, Howard took a close second place in the senior division.

Men's Club Bike Ready for Use

Men's Club Advisor Mr. Richard Carlisle has announced that the club's lady's model bicycle is ready for use. It will be available for rental at the main office. Charge will be 10 cents an hour, with a 10-cent minimum.
